

J.C.C. Summer Camp packs fun into learning with hands on activities as children explore their interests in our indoor and outdoor classrooms. Each week will have daily sensory, art, building and movement activities while using our spacious outdoor play area!!

Each week will focus on a new and exciting theme that will peek the interest of all ages. Our camp teachers work collaboratively to develop a fun curriculum that takes advantage of all that the summer offers. They use the playground, the classroom, gym and auditorium as well as special visitors as an extension of the camp. Fun snacks, sprinkler fun and lots of friends. The most important emphasis of our summer camp is to have fun!!!
